

Curriculum Vitae

Personal Information

Name : **Yousif Khalid Yousif**
Gender: Male
Date of Birth: 6th Jan 1988
Address: Muosl, Iraq
Email : **yousifameen595@gmail.com**

EDUCATION

March 2019 PhD Computer Engineering
University Perlis Malaysia , Malaysia

January 2012 MSc Information Technology,
University tenga national- Malaysia , 2012 .

July 2009 BSc Computer Technology Engineering,
Al-Hadba University College, Mosul, Iraq, 2009.

Teaching Experience

- 1) **Assistant Lecturer at Cihan University , Erbil - Iraq, Computer Science Department, 2012 - 2015**
 - Teaching different subject at the department of computer science and others department such as Multimedia, Computer Application, and Computer Network.
 - Presenting and attending different seminars related to IT and other topics
 - Project supervision.

- Give a training course related to computer application for the employees of Chian University.
- Give ICDL course to the staff of ministry of education.
- Published three research papers at the conference of Chian University.
- Participated in Department committees.
- Facilitator at the conference of Cihan University.

2) Lecturer at AL-Kitab University , Kirkuk - Iraq , 2018 – 2019

- Teaching different subject at the department of computer engineering and others
- Presenting and attending different seminars related to IT and other topics
- Project supervision.
- Published research papers related to my major.
- Participated in Department committees.

3) Lecturer at AL-Hadbaa University College , Mousl - Iraq, 2019 till now

Skills

- Having the ability to give a training course in most of the IT subjects such as, Networking, computer organization and intelligent system, Multimedia, Logic design, Programming languages C++
- Having a technical and functional background in computers hardware and software and networks installation and configuration.
- Flexible to work with any Environment and any fields, also Ability to work as team member or individual.
- Provide Support to customer and troubleshooting the issue

Technical knowledge

- Final Year project supervision.

- Demonstrator in networking lab at University Tenaga National for 6 months
- Working on Linux ubuntu for 1 year
- Demonstrator in C and C++ Programming languages lab.
- Familiar with NS2 (Network Simulator). The MSc project have been implemented in NS2 simulator.
- Website design using word press

Activities

- Attending a research methodologies workshop organized by UNIMAP, Malaysia 215
- Teaching methods certificate from Salahaddin University, Erbil, Kurdistan region, Iraq, 2015
- Obtaining ICDL (International Computer driving License) certificate, 2014
- Present a tutorial on NS2 (network simulator). Organized by University Tenga National, 2011, Malaysia
- Attending a computer repair training course organized by university of Mosul, Mosul, Iraq
- Attending a tutorial on Prolog Language programming organized by the IEEE, Malaysia
- Different seminars are presented related to the IT subjects.

Appreciation letter

- Four Appreciation letter from the President of Cihan University, Kurdistan region, Iraq.

Languages

- Arabic : Mother tongue
- English: very good

Publications

- Yousif Khalid Yousif , Abid Abdelouahab, A Survey On M-Learning Models Implementation, International Conference On Teaching And Learning Education,2011, Malaysia.
- Yousif Khalid Yousif , Mohamad T. Sultan, An Experimental Study Of The Application Layer Flooding Attack In MANET, First International Conference Of Cihan University, 2014, Erbil - Iraq
- Yousif Khalid Yousif, Mohamad T. Sultan, Evaluation of Energy Consumption of Reactive and Proactive Routing Protocols in MANET, First International Conference Of Cihan University, 2014, Erbil - Iraq
- Yousif Khalid Yousif, Salamn Bin Yousif, Categorization of MANET Security Threats Based on its Characteristics, First International Conference Of Cihan University, 2014, Erbil - Iraq
- Yousif Khalid Yousif R Badlishah, N. Yaakob and A Amir, A review of data collection approaches in linear wireless sensor networks (LWSNs), Journal of physics , 2018 (Scoups)
- Yousif Khalid Yousif R Badlishah, N. Yaakob and A Amir, An Energy Efficient and Load Balancing Clustering Scheme for Wireless Sensor Network (WSN) Based on Distributed Approach, , Journal of physics , 2018 (Scoups)
- Yousif Khalid Yousif R Badlishah, N. Yaakob and A Amir, An Energy-Aware Clustering Protocol Based Grid For WSN , International Journal of Informatics Visualization (JOIV), 2018 , (Scoups)
